SUBJECT: EMERGENCY SCHOOL OPENINGS AND DELAYED OPENINGS

A. Emergency School Closings

An emergency school closing is determined by the Superintendent of Schools, after consultation with neighboring school district superintendents, public transportation reports and School District personnel, and is based upon relevant reports of road conditions and local weather forecasts.

The decision to close school for the day will be made before 6:00 AM and reported to the following media outlets and Internet:

Internet – District Website: www.lbeach.org

Cablevision Ch. 12 News

WNYW Fox 5 TV News

FIOS/VERIZON Channel 501

Transportation to all private and parochial schools, both in and out of District, will be cancelled if public schools are closed for the day due to an emergency.

All extracurricular activities will also be canceled for that day. In the event that a school related activity, e.g., school play, is scheduled for the following day, the event status will be posted on the District website. All efforts will be made to reach the participants well in advance of the scheduled event.

B. Delayed Openings

If it appears that road or weather conditions will be hazardous at the normal opening time of the school day, but are expected to improve, a delayed opening will be decided by the Superintendent of Schools before 6 A.M. Delayed openings will postpone the opening of school by one (1) or two (2) hours, i.e., schools will open one (1) or two (2) hours after their normal starting times at the discretion of the Superintendent.

A delayed school opening means bus schedules will be delayed by one (1) or two (2) hours at the discretion of the Superintendent. For example, if a child's bus is scheduled to arrive at 8 AM, the one (1) or two (2) hours delay will change the bus arrival time to 9 AM or 10 AM.

A delayed opening is subject to change if the weather or road conditions remain hazardous. The Superintendent of Schools retains the option to issue a subsequent order directing a school closing when the potential for a hazardous situation continues to exist.

Students attending private and parochial schools-or attending BOCES programs also will be affected by a delayed opening of the Long Beach Public Schools. All buses to private and parochial schools and BOCES programs † will be delayed by one (1) or two (2) hours.

Community Relations

A decision to delay the opening of school will be posted on the website and reported to TV channels indicated in the section above on Emergency School Closings.

Students

SUBJECT: ENTITLEMENT TO ATTEND -- AGE AND RESIDENCY**Entitlement to Attend**

All persons residing within the District who are between the ages of five (5) years and twenty-one (21) years and who have not obtained a high school diploma are entitled to enroll in the District.

A student who becomes six (6) years of age on or before the first of December in any school year shall be required to attend full-time instruction from the first day that the District schools are in session in September of such school year, and a student who becomes six (6) years of age after the first of December in any school year shall be required to attend full-time instruction from the first day of session in the following September. Each student shall be required to remain in attendance until the last day of session in the school year in which the student becomes sixteen (16) years of age. Students with special needs may attend school until the school year in which they reach the age of twenty-one (21).

Evidence of a prospective student's age (i.e., birth certificate or passport) and residency (mortgage statement, utility bill, lease agreement, notarized affidavit of residency) must be presented in such form as is permitted by state and federal law and regulation.

In order to receive transportation, textbooks or other services from the district, all parochial and private school students are required to be registered.

Determination of Student Residency

"Residence," for purposes of this policy, is established by a child's physical presence as an inhabitant within the District and his/her intent to reside in the District.

A child's residence is presumed to be that of his/her parents or legal guardians. Where a child's parents live apart, the child can have only one legal residence. In cases where parents have joint custody, the child's time is essentially divided between two (2) households, and both parents assume responsibility for the child, the decision regarding the child's residency lies ultimately with the family. Where parents claim joint custody, but do not produce proof of the child's time being divided between both households, residency will be determined on the basis of the child's physical presence and intent to remain within the District. In the event of joint custody, it is the responsibility of the parent(s) to notify the school of any change in residency for the child.

The presumption that a child resides with his/her parents or legal guardians may be rebutted upon demonstration that custody of such child has been totally and permanently transferred to another individual. The District will not acknowledge living arrangements with persons other than a child's parents or legal guardians which are made for the sole purpose of taking advantage of the District's schools.

The presumption that a child resides with his/her parents or legal guardians may also be rebutted upon demonstration that such child is an emancipated minor. To establish emancipation, a minor may submit documentation of his/her means of support, proof of residency, and an explanation of the circumstances surrounding the student's emancipation, including a description of the student's relationship with his/her parents or persons in parental relation.

Custodial agreements must be provided to the district and updated by the parent and/or legal guardian as needed.

(continued)

Students

SUBJECT: ENTITLEMENT TO ATTEND -- AGE AND RESIDENCY (Cont'd.)

In the event of suspected non-compliance, the school district reserves the right to begin investigative procedures by school personnel, or if need be, the services of a private investigator, which may include home visitations.

Notwithstanding the foregoing, all determinations of student residency will be made consistent with applicable state and federal laws and regulations.

Registration Requirements

Upon registration, all new students shall be required to present: proof of date of birth, record of immunizations and a health certificate from a licensed physician, and proof of residency.

Re-registration

In the fifth (5th) and eighth (8th) grades, families will be required to complete a re-registration form so that the district will have complete and accurate information about student residency.

Due Process

Where the Superintendent of Schools or his/her designee determines that the student is neither a resident nor entitled to attend school, written notice of the determination must be provided within two (2) business days to the parent or the person in parental relation to the student. A written notice must include the basis for the determination, the date of exclusion from the school district, and a statement regarding the right to appeal an adverse determination to the Board of Education and to the Commissioner of Education, including deadlines, as may be appropriate.

Where a student is an emancipated minor, the procedures concerning adverse residency decisions, including notification, shall be applicable only to the student.

Undocumented Children

Pursuant to Commissioner's Regulations, undocumented children are entitled to attend the District's schools, provided they meet the age and residency requirements established by state law. Consequently, the District will not request or require on any enrollment or registration form, in any meeting, or in any other form of communication, any documentation and/or information regarding or tending to reveal the immigration status of a child, a child's parent(s) or the person(s) in parental relation. In the event the District is required to collect such information, the District will do so after the child has been enrolled. In no instance will such information be required as a condition of enrollment or continued attendance.

(continued)

Students

SUBJECT: ENTITLEMENT TO ATTEND -- AGE AND RESIDENCY (Cont'd.)**Children of Activated Reserve Military Personnel**

Students temporarily residing outside the boundaries of the District, due to relocation necessitated by the call to active military duty of the student's parent or person in parental relation, will be allowed to attend the public school that they attended prior to the relocation. However, the District is not required to provide transportation between a temporary residence located outside the District and the school the child attends.

Homeless Children (McKinney-Vento Law)

Determinations regarding whether a child is entitled to attend the District's schools as a homeless child or youth will be made in accordance with Section 100.2(x) of the Commissioner's Regulations, as well as applicable District policy and regulation.

SUBJECT: EMPLOYEE PROTECTION (WHISTLE-BLOWER)

The Long Beach Board of Education expects that its officers and employees will fulfill the public's trust and conduct themselves in a lawful manner, in accordance with all applicable statutes, rules, regulations, and the District policies.

The Long Beach Board of Education encourages all employees to disclose suspected illegal and/or unethical activities occurring within the school district to the Board of Education, Superintendent of Schools, Principal or immediate supervisor.

No employee shall intimidate, threaten, coerce or command another employee for the purpose of interfering with that employee's intention to disclose suspected illegal and/or unethical activities. Any employee who has disclosed suspected illegal and/or unethical activities and believes that (s)he has been subjected to acts or attempted acts of reprisal and/or retaliation shall file a written complaint with the Superintendent of Schools or the District Clerk.

The District shall not dismiss or take any other adverse personnel action against an employee because (s)he, in good faith, discloses to the District any: (1) information regarding a violation of a law, rule, regulation or Board policy, which creates and presents a substantial and specific danger to the public health or safety; or (2) information concerning conduct that the employee reasonably believes constitutes improper conduct by any public officer or employee of the District. However, nothing in this policy is intended to interfere with legitimate employment decisions.

Upon obtaining information pursuant to this policy, the Board shall take immediate steps to conduct an investigation into the alleged violation and to report the findings and conclusions to the appropriate authorities.

Complaints filed pursuant to this policy shall remain confidential to the extent possible in accordance with any applicable laws and collective bargaining agreements. Any person who deliberately makes a false report of improper conduct shall be subject to appropriate disciplinary action.
