Date of Meeting: September 24, 2015
Type of Meeting: Regular Meeting
Place of Meeting: Long Beach Middle School Auditorium
Members Present: President Roy J. Lester
Vice President Stewart Mininsky
Board Member Dennis Ryan
Board Member Darlene E. Tangney
Board Member Maureen Vrona
Members Absent: None
Others Present: Mr. David Weiss, Superintendent
Mr. Michael I. DeVito, Chief Operating Officer
Dr. Kenneth Graham, Assistant Superintendent, C & I
Ms. Carole Butler, District Clerk

I. Pledge of Allegiance/Call to Order/Opening Remarks
President Lester called the meeting to order at 7:37 PM, led the community in the Pledge of Allegiance and expressed gratitude for the great, endless summer weather.

II. Superintendent’s Report – Mr. Weiss
Mr. Weiss introduced the presentation on the secondary computing initiative made possible by the monies provided by the Smart School Bond Act.

Presentation – Secondary Technology Initiative – Dr. Kenneth Graham
Highlights include: Technology Role in the Classroom, LB Google Cloud, 1:1 Device Initiative, Timeline and Cost, and Next Steps. Presentation can be located on the district website and in the office of the District Clerk.

III. President Lester called for Board of Education Comments
- Vice President Mininsky asked if the Chromebooks for grades 7-12 would replace textbooks (not immediately but ultimately); the cost to students (only accessories) or if they lost it (insurance is $10-$15 annually) [Technology Committee will consult other districts].
Board of Education Comments (continued)

- Board Member Vrona asked how we were paying (smart bond monies); were we using technology monies (yes); were the costs covered (yes); if we needed to move more quickly (no); worried about obsolescence (need time to work out details); asked if student could use their own devices (problematic). Do teachers determine whether students can use their own technology in class? (yes) Are the teachers on board with the proposal? (yes)

- Board Member Ryan thanked Dr. Graham on his short presentation and the incorporation of student work; acknowledged his lack of sophistication with technology but enjoyment of hard copies; technology has not improved test scores; does not replace paper; Chromebooks will not replace teacher input. Dr. Ryan sits on the Technology Committee and questions whether computer education is substantive; we do not know the impact on the auditory, visual, eye contact engagement, the long term impact on interactions.

- President Lester insisted we must move forward with technology since it is the way of the world; we would be doing the students a disservice if we did not; acknowledged problems. Students need to be prepared for college. Mr. Lester asked if other schools are using technology in the classrooms (yes)

- Board Member Tangney asked if children were playing games during instruction time (easy tech learning sometimes includes modules, keyboarding, literacy, citizenship lessons in the form of a game).

IV. President Lester called for Questions and Comments from the Public – Items on Tonight’s Agenda Only

- Gerri Maquet – 523 E. State Street – thanked Dr. Graham; asked for confirmation that this initiative goes from 7th to 12 grade first, then K-5, then 6th grade (focus is on grades 7, 9, 11); suggested that schools be kept open later for those students who do not have internet access at home; agreed that technology is important as well as a balance with social skills (kids cannot make a phone call).

- Joanne Rea – 90 Connecticut Avenue – asked if Google Chrome was the only option (as opposed to Apple products) (too expensive – Apple can be accessed from Google products)

- Michael Abneri – 94 Regent Drive – asked if colleges use Google cloud and not Apple; staggered grades will upset kids and create animosity and unfair practice (if ½ of the kids bring their own devices we can afford to give to all grades) (need time to help teachers utilize technology effectively).

- Keith Harvey – has spoken to hundreds of teachers who all support the initiative; worked for years with M. Richez; Google cloud can work with students at home during school hours in real time; supports all out plan.

At the request of Mr. Weiss, President Lester polled the BOE members for their input.

- Board Member Vrona wants to move forward – full steam ahead.
- Board Member Ryan supports the more cautious approach
- Board Member Tangney wants to move full speed ahead – all parties should be involved in policy.
- Vice President Mininsky wants to see comprehensive report.
- President Lester votes full speed head.
Mr. Weiss prefers the more cautious approach insisting that the teachers need help with the most effective use of the technology, complications of Common Core, expectations versus hope. The district already uses 1:1 initiative with graphic calculators. Discussion continued about the time frame of this initiative (roll out).

VIII. Board of Education – Additional New/Old Business, if any

- Board Member Ryan asked the BOE members to vote to decrease the current eight (8) polling locations to four (4) locations. There was no second so no vote was taken.
- Board Member Vrona requested the public be notified before any decision is made.
- Dr. Ryan noted the costs, sustainability, need to be responsible.
- President Lester does not want to deprive people of the ability to vote; damage in alienating public.

There will be a public discussion and resolutions prepared for various polling location options before a decision is made.

- Board Member Vrona had questions regarding the curriculum presentation, transportation (action plan) and utility (RFP being prepared).

Walk-on resolution:

WHEREAS, the Superintendent of Schools has been requested to bring the personnel records of employee #3593 and #2389 to a meeting of the Board of Education for review in executive session pursuant to Part 84 of the regulations of the Commissioner of Education; and

WHEREAS, the Board of Education has determined that the information contained in said personnel file(s) will aid in fulfilling its legal responsibilities in making decisions in employee personnel matters; it is

RESOLVED, that the Board of Education shall meet in an executive session to be conducted on October 8, 2015, at 5:45 PM to review the personnel files of employee #3593 and #2389, after which said files shall be returned to the custody of the Superintendent of Schools.

President Lester called for a motion.
